## HAIDA SKIRL WAVY EDGE SIDING

Haida Skirl wavy edge siding combines the natural beauty and legendary performance of Western Red Cedar with a unique manufacturing process that creates a distinctive look that cannot be replicated by any other material. Hand crafted, the deep texture and wavy edge of Haida Skirl makes a dramatic statement that enhances the street appeal of any home.

Why settle for the ordinary? Choose Western Red Cedar siding for its performance and beauty, choose Haida Skirl to reflect your discerning style and taste.

# HAIDA Skirl®

## WAVY EDGE SIDING

Haida Skirl is produced from carefully selected Western Red Cedar. Cedar's natural characteristics protect against decay and insects, ensure materials stay straight, lay flat, and provide an excellent base for paints and stains. Quality coating systems can be used with confidence for a variety of decorative effects. This is an outstanding advantage of real wood Cedar siding. As a result, your creativity is not limited to one color or style.

Each piece of Haida Skirl is carefully inspected and all knots Permi-Fused where necessary to provide a 100% tight knot grade. It is the only wavy edge siding that is manually produced by specially trained operators, as a result each piece is unique. The extra thickness of Haida Skirl siding provides a deeper shadow line which emphasizes and enhances Haida Skirl's appearance.

### Special Features and Specifications:

  - Haida Majestic Skirl — 11/4"X10 or 12
  - Haida Giant Skirl — 17/8"X10 or 12

WEST COAST CEDAR SPECIALISTS

**THE HAIDA STORY** A people with a rich and varied culture, the Haida people were among the earliest residents of Coastal British Columbia. The Haida revered the giant Cedar as "the tree of life". Shelter, clothing, medicine and transportation were all obtained from the timber, roots, and bark of the Cedar tree. This is reflected in a quote from renowned Haida artist Bill Reid "Oh the cedar tree! ...if mankind in his infancy had prayed for the perfect substance for all material and aesthetic needs, an indulgent god could have provided nothing better."

Today, Haida art is admired internationally. Carved Cedar masks, totem poles and other cultural artifacts of haunting beauty are displayed in galleries and museums worldwide. Out of respect for these magnificent people and their reverence for Western Red Cedar, Haida Forest Products adopted this honored name to identify our company and the premium products we manufacture.
