

LIMITED LIFETIME WARRANTY

Trus Joist® TimberStrand® LSL

What Is Covered?

Weyerhaeuser Trus Joist® TimberStrand® LSL (LSL), when properly stored, installed in a structure and maintained per Weyerhaeuser's published instructions, is warranted by Weyerhaeuser NR Company (Weyerhaeuser) for adequacy of design values as published by Weyerhaeuser and against delamination or manufacturing defects for the lifetime of the structure. This limited warranty is transferable.

Definition of Covered Conditions

Delamination is defined as an extensive separation of strands within LSL. Minor localized edge checking or loose strands on the surface of the product do not constitute delamination. This warranty does not cover the performance of LSL outside the U.S. and Canada, nor delamination, perceived inadequacy of design, or perceived defects due to:

- Prolonged exposure to water after completion of construction or long construction delays; fire, floods, fungal growth, natural disaster, or any other cause beyond Weyerhaeuser's control.
- Defects in the structure due to construction, installation, or manufactured sub-assembly.
- Damage to the product prior to, during, or after installation.
- Noncompliance with installation instructions, applicable building code or generally accepted construction practices.
- Any alterations to the LSL after the original installation.
- Mold, fungal decay or rot; termites or termite damage.
- Pressure or topical treatment not approved by Weyerhaeuser.

Note: Like any wood product, LSL may be at risk for fungal decay or rot when exposed to repeated wetting or high-moisture environments, particularly if not properly ventilated or subjected to water leaks. For this reason, building construction, design and use features must ensure that the LSL is protected from such exposure by accepted construction practices and adherence to applicable building codes.

What Weyerhaeuser Will Do

For inadequacy of design values (as published), delamination or manufacturing defect covered by this warranty, Weyerhaeuser will pay reasonable cost of labor and material for the repair or replacement of the covered LSL, not to exceed 3 times the original purchase price of the affected LSL.
