

BENDER BOARD

NOW AVAILABLE

Benderboard is a hardboard product used for concrete forming applications, similar to lap siding. Benderboard is a thinner, lighter, less expensive option that bends easier (for a tighter radius) than most competing products.

Available Size:

Item	Thickness	Size	Unit Size	Species
12"X16' BENDERBOARD	1/4"	12"X16'	200	Hardboard

Features & Benefits:

- Light and easy to use
- Thinner boards make for a tighter radius than competing products
- Less expensive than other forming products
- Can be bought in less than unit quantities

PRODUCT

Benderboard

USAGE

Concrete Forming
