

# Tamlyn Mounting Blocks

Tamlyn ExtremeBlocks are made from predominately recycled materials and are uniquely designed to maximize moisture movement away from the envelope of the structure while offering a pleasing appearance for electrical and mechanical fixtures. They are lightweight, easy to install, and add a professional finishing touch to exterior cladding.

### Available Sizes:

Item	Size	Color*	SKU
<i>ExtremeBlock Split Mount with 1" Hole</i>	6" x 8"	White/Primed	MB68SMAW
