

Celect Cellular Composite Siding Design Program Guide

Celect Cellular Composite Siding

PRODUCT OFFERING CATALOG

Celect is inspired by the gorgeous aesthetics of wood yet possesses none of wood's far-from-perfect maintenance demands. This is the very best of both worlds—where you get the look, touch and timelessness of real wood without its inconveniences and expenses.

Forget about mold, mildew, deterioration, scrubbing and messy maintenance crews. While you're at it, forget about the painting, repainting, caulking, re-caulking and delaminating that fiber cement is famous for. Celect is all about virtually maintenance-free great looks that never quit. Year after year, decade after decade.
