TOUGH PANELS FOR TOUGH CONDITIONS

WEYERHAEUSER DIAMOND™ FLOOR PANELS

# INTRODUCING DIAMOND

**BUILD THE BEST FLOORS POSSIBLE,  
IN THE TOUGHEST OF CONDITIONS**

## WEYERHAEUSER DIAMOND™ FLOOR PANELS

A diamond is one of the hardest and most impervious materials on earth. And our Weyerhaeuser Diamond panel lives up to that reputation: it's strong, durable and forged using time and pressure.

Over 20 years ago we pioneered the manufacture of enhanced subfloor panels, and as technology progressed, our scientists kept pace to deliver a new benchmark in performance: a panel that is tough, highly resistant to weather, and engineered to save you time and money with our easy-fit T&G edges. By adding Diamond to our line of quality subfloor solutions that include Edge™ and Edge Gold™ panels, Weyerhaeuser can help you build the best floors possible, in the toughest of conditions.

- Limited lifetime warranty
- 500-day no-sand guarantee
- Patented DownPore® self-draining technology
- Easy-fitting tongue-and-groove edges
- Fully sanded face for uniform thickness
- Every panel ships working-side up

# FLOOR PANELS WITH A REPUTATION YOU CAN COUNT ON

Homeowners spend a considerable amount of time and money on upgrades. But what about the floor? No; not the carpet, hardwood or tile... but what lies underneath. Replacing or repairing the subfloor after final floor covering has been installed can be incredibly expensive, so using the right floor panel from the start is critical.

At Weyerhaeuser we made this our mission and specifically engineered the Diamond subfloor panel to be an industry leader in quality. As a builder, you can be confident that Diamond will resist inclement weather without the need for sanding and you know our easy-fit tongue-and-groove edge will save you time on installation. Quality matters to homeowners and the superior strength and nail retention capability of our Diamond panel will help prevent the squeaky floors, ridging hardwood, and cracking tile that are often the top complaints with commodity subfloor panels.

Timing matters. Quality matters. Your subfloor matters. That's why you can build your reputation on Weyerhaeuser Diamond.

**No sanding. No delamination. We guarantee it.**

**LIFETIME LIMITED WARRANTY**  
 GARANTÍA LIMITADA DE POR VIDA  
 GARANTIE À VIE LIMITEE

**500 DAY NO-SAND GUARANTEE**  
 500 DIAS SIN NECESIDAD DE LIJAR  
 500 JOURS SANS SABLAGE GARANTIE

## WHY CHOOSE A DIAMOND SUBFLOOR?

- Engineered to compete with the best subfloor panels on the market in strength, nail retention and weather resistance.
- Builders use our easy-fit tongue-and-groove edge for hassle-free installations
- Down Pore® self-draining technology reduces rainwater ponding on the jobsite
- 24" o.c., 23/32" Performance Category—Structural 1 Rated
- Accepted by ICC Evaluation Service: ICC ES ESR-4133
- Use in conjunction with TJI® joists for additional TJ-Pro™ Ratings points.
- Buy with confidence: limited lifetime warranty, a 500-day 'no-sand' guarantee, and backed by Weyerhaeuser's 118-year legacy of quality and customer service.
