

TOUGH PANELS FOR TOUGH CONDITIONS

THE FACE OF QUALITY FOR ALL CONDITIONS

WEYERHAEUSER EDGE GOLD™ PREMIUM FLOOR PANELS

Quality builders rely on Weyerhaeuser Edge Gold™ panels for good reason. They're tough enough to stand up to weather during construction delays. Each panel is fully sanded and engineered to start flat and stay flat with a fastening template for easy installation. And with built-in drains for rainwater and a 200-day no-sand guarantee, you have even less to worry about.

- 50-year warranty
- 200-day no-sand guarantee
- Patented Down Pore® self-draining technology
- Fully sanded face for uniform thickness
- Easy-fitting tongue-and-groove
- Every panel ships working-side up

EDGE GOLD PREMIUM FLOOR PANELS

THE PANEL OF EXPERTS IN FAIR WEATHER OR FOUL.

Weyerhaeuser Edge Gold™ panels don't just start flat, install flat and stay flat. Thanks to patented Down Pore® self-draining technology and a proprietary edge seal, our panels withstand the elements so well that they can allow some framers to extend their building season. Plus, Edge Gold panels come with the added benefit of a 50-year limited warranty and a 200-day no-sand guarantee when used as directed.

The best builders are always looking for new ways to cut down on job cycle times, increase profitability, and minimize callbacks. That's why we've added Down Pore® self-draining technology on the edge of every panel. The face of every panel is stamped with a fastening template and each bundle ships face-up, ready for easy and accurate installation right off the truck.

Even if panels aren't properly gapped, Down Pore® drainage grooves let the water through.

And to make sure the right products are on that truck, TJ-Pro™ Ratings help you customize the specific level of quality and performance your customers want—using the most cost-effective combination of TJI® joists, TimberStrand® LSL rim board, and Weyerhaeuser Edge Gold floor panels.

"Weyerhaeuser Edge Gold panels are excellent quality, priced competitively and we never have issues. Customers ask for Edge Gold by name and we love selling it! Edge Gold panels complete the total Trus Joist floor system that we promote."

—Rick Acker, Frasers Pro Home Centre, Berwick, NS

No sanding. No delamination. We guarantee it.

EDGE GOLD PREMIUM FLOOR PANEL BENEFITS

- Quick, hassle-free installation
- 200-day no-sand guarantee
- No more drilling holes to let rainwater through
- Fewer callbacks and reduced labor costs
- Long-term reliable performance

LIMITED 50-YEAR STRUCTURAL & 200-DAY NO SAND WARRANTY

Weyerhaeuser Edge Gold™ OSB Single-Layer Flooring

What Is Covered?

Weyerhaeuser 50 Edge Gold™ flooring (Edge Gold panel), when properly installed as single-layer flooring in a home, is warranted by Weyerhaeuser to remain structurally sound for a period of 50 years from the date of original purchase of the home. Further, Weyerhaeuser will repair or replace any panel that shows signs of delamination within 200 days following delivery of the panels to the job site against the need for edge sealing. This warranty does not cover damage resulting from misuse, abuse, or negligence. This warranty is transferable and applies to any current owner of a home in which Weyerhaeuser Edge Gold panels are installed.

What Weyerhaeuser Will Do:

For delamination covered by this warranty, Weyerhaeuser will pay for the repair or replacement of the single-layer flooring (excluding removal and disposal costs) and will pay for the reasonable cost of labor, shipping, handling, and freight covering at wholesale cost, and the reasonable cost of labor, shipping, handling, and freight covering at retail cost, plus the reasonable cost of labor and the reasonable cost for removal of existing materials.

For edge sealing covered by this warranty, Weyerhaeuser will pay for the repair or replacement of the single-layer flooring (excluding removal and disposal costs) and will pay for the reasonable cost of labor, shipping, handling, and freight covering at wholesale cost, and the reasonable cost of labor, shipping, handling, and freight covering at retail cost, plus the reasonable cost of labor and freight costs. All claims must be made and verified by a licensed contractor who is to complete prior to the initiation of the initial floor covering.

What You Must Do:

Delamination is defined as an extensive separation of strands within a panel, which results in a reduction of the structural capacity of the panel. Minor surface irregularities, such as slight warping or slight discoloration, are not considered delamination. This warranty does not cover the performance of any panel that has been subjected to fire, water damage, insects, or deterioration due to:

- Panel exposure to water before, during or after completion of construction.
- Fire, floods, or man-made or natural disasters.
- Abuse, misuse or incorrect handling of the panel.
- Damage to or removal of maintenance of the panel prior to or during installation.
- Damage with installation instructions, applicable building code, or generally accepted construction practices.
- Damage to or improper maintenance of the finished floor covering.

Definitions of General Conditions:

Delamination is defined as an extensive separation of strands within a panel, which results in a reduction of the structural capacity of the panel. Minor surface irregularities, such as slight warping or slight discoloration, are not considered delamination. This warranty does not cover the performance of any panel that has been subjected to fire, water damage, insects, or deterioration due to:

- Panel exposure to water before, during or after completion of construction.
- Fire, floods, or man-made or natural disasters.
- Abuse, misuse or incorrect handling of the panel.
- Damage to or removal of maintenance of the panel prior to or during installation.
- Damage with installation instructions, applicable building code, or generally accepted construction practices.
- Damage to or improper maintenance of the finished floor covering.

What:

Delamination is not caused by wood fungal decay or ice. Like any wood product, Weyerhaeuser Edge Gold™ flooring is susceptible to damage when exposed to repeated swelling or high-pressure environmental conditions. If not properly maintained, this may result in manufacturing, design, and use failures. Most manufacturers of Edge Gold™ panels are guaranteed to provide Weyerhaeuser with reasonable proof of product identification in the form of a panel sample, a photograph of the legal identifying markings, and a copy of the manufacturer's instructions. A licensed contractor representative must give the contractor the opportunity to inspect the floor prior to any alteration, change or repair.

Incidental or Consequential Damages:

Weyerhaeuser will not be liable for incidental or consequential damages or edge sealing as set forth in this warranty and Weyerhaeuser will not be responsible for incidental, indirect, or consequential damages. Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

State Law Rights:

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state and province to province.
